

## ABOUT ECIC

Following the success of two independent congresses – the International Cokemaking Congress (ICMC) and the European Ironmaking Congress (EIC) – the European Coke and Ironmaking Congress (ECIC) will seamlessly combine both worlds of coke and ironmaking. After taking place in Aachen (1<sup>st</sup> EIC 1986), Essen (1<sup>st</sup> ICMC 1987), Glasgow (2<sup>nd</sup> EIC 1991), London (2<sup>nd</sup> ICMC 1992), Gent (3<sup>rd</sup> ECIC 1996), Paris (4<sup>th</sup> ECIC 2000) and Stockholm (5<sup>th</sup> ECIC 2005), now Düsseldorf will be the location of this outstanding event.

Düsseldorf, the capital of North Rhine-Westphalia, the most populated province of Germany, is also home of the Steel Institute VDEh. Düsseldorf has strong connections to the coke, iron and steel industries thanks to the adjacent Ruhr region, the traditional home to coke, iron and steel making facilities. Taking all of this into account, ECIC 2011 is guaranteed to be an impressive gathering of experts. ECIC is a part of the METEC InSteelCon® 2011.

## METEC TRADE FAIR & METEC InSTEELCon® 2011 — AT THE SAME PLACE AND TIME

All new developments from the world of steel, at a single time and place – that is the reach of METEC InSteelCon® 2011. It unites four international conferences under one roof: the 6<sup>th</sup> European Coke and Ironmaking Congress (ECIC), the 7<sup>th</sup> European Continuous Casting Conference (ECCC), the 4<sup>th</sup> International Conference on Modelling and Simulation of Metallurgical Processes in Steel-making (STEELSIM) and the 1<sup>st</sup> International Conference on Energy Efficiency and CO<sub>2</sub> Reduction in the Steel Industry (EECRsteel).

These events take place as accompanying congresses and conferences to the leading metallurgical trade fair METEC and the trade fairs GIFA, THERMPROCESS and NEWCAST. More than 70,000 visitors are expected. All participants at the ECIC have free entrance to the 4 big trade fairs!

## CALL FOR PAPERS
